

*Viktor*

fixed gear

### Viktor – the purist

You are looking for your daily challenge on the streets of your urban surrounding? - Viktor will never let you down. The philosophy of a zero-maintenance fixed gear bicycle finds its climax due to the Gates carbon drive™ belt. Waiver of superfluous is the credo of this uncompromising purist. 7,8 kg is a weight to be beat, but Viktor's components are still strong enough for the hard daily ride.
